Pioneers of Ecological Restoration: The People and Legacy of the University of Wisconsin Arboretum

Filesize: 6.22 MB

Reviews

This ebook is very gripping and fascinating. Sure, it is engage in, nevertheless an amazing and interesting literature. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Ms. Ora Buckridge)

PIONEERS OF ECOLOGICAL RESTORATION: THE PEOPLE AND LEGACY OF THE UNIVERSITY OF WISCONSIN ARBORETUM

University of Wisconsin Press. Paperback. Book Condition: new. BRAND NEW, *Pioneers of Ecological Restoration: The People and Legacy of the University of Wisconsin Arboretum*, Franklin Court, A rich history of pioneers who shaped an ecological mission to restore tallgrass prairies, forests, and wetlands Internationally renowned for its pioneering role in the ecological restoration of tallgrass prairies, savannas, forests, and wetlands, the University of Wisconsin Arboretum contains the world's oldest and most diverse restored ecological communities. A site for land restoration research, public environmental education, and enjoyment by nature lovers, the arboretum remains a vibrant treasure in the heart of Madison's urban environment. *Pioneers of Ecological Restoration* chronicles the history of the arboretum and the people who created, shaped, and sustained it up to the present. Although the arboretum was established by the University of Wisconsin in 1932, author Franklin E. Court begins his history in 1910 with John Nolen, the famous landscape architect who was invited to create plans for the city of Madison, the university campus, and Wisconsin state parks. Drawing extensive details from archives and interviews, Court follows decades of collaborative work related to the arboretum's lands, including the early efforts of Madison philanthropists and businessmen Michael Olbrich, Paul E. Stark, and Joseph W. "Bud" Jackson. With labour from the Civilian Conservation Corps during the 1930s Depression, University of Wisconsin scientists began establishing both a traditional horticultural collection of trees and plants and a completely new, visionary approach to recreate native ecosystems. Hundreds of dedicated scientists and staff have carried forward the arboretum's mission in the decades since, among them G. William Longenecker Aldo Leopold, John T. Curtis, Rosemary Fleming, Virginia Kline, and William R. Jordan III. This archival record of the arboretum's history provides rare insights into how the mission of healing and restoring the land gradually...
