## Twentieth Century Sprawl: Highways and the Reshaping of the American Landscape

By Assistant Director of Urban Studies Owen D Gutfreund

Oxford University Press Inc, United States, 2005. Paperback. Book Condition: New. Reprint. 234 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Here, Owen Gutfreund offers a fascinating look at how highways have dramatically transformed American communities nationwide, aiding growth and development in unsettled areas and undermining existing urban centers. Gutfreund uses a follow the money approach, showing how government policies subsidized suburban development, ] and fueled a chronic nationwide dependence on cars and roadbuilding, with little regard for expense, efficiency, ecological damage, or social equity. The consequence was a combination of unstoppable suburban sprawl, along with ballooning municipal debt burdens, deteriorating center cities, and profound changes in American society and culture. Gutfreund tells the story via case studies of three communities-Denver, Colorado; Middlebury, Vermont; and Smyrna, Tennessee. Different as these places are, they all show the ways that government-sponsored highway development radically transformed America's cities and towns. Based on original research and vividly written, Twentieth-Century Sprawl brings to light the benefits and consequences of the spread of American highways and makes a major contribution to our understanding of issues that still plague our cities and suburbs today.

### Reviews

*This ebook is really gripping and fascinating. it had been writtern extremely perfectly and useful. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

-- Leopold Hills

*Totally among the finest publication I actually have at any time study. I am quite late in start reading this one, but better then never. I found out this publication from my dad and i suggested this pdf to discover.*
