Eliot Ness: The Rise and Fall of an American Hero

Filesize: 5.46 MB

Reviews

Basically no words to clarify. Of course, it is perform, still an amazing and interesting literature. Its been printed in an exceptionally basic way which is only soon after i finished reading through this ebook where actually altered me, change the way i really believe.

(Newton Runolfsson)

ELIOT NESS: THE RISE AND FALL OF AN AMERICAN HERO

DOWNLOAD

Viking, 2014. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "This is rip-roaring stuff, and Mr. Perry tells it with gusto." The Wall Street Journal "Perry takes plenty of detours beyond Ness's work history, exploring fascinating topics like an infamous Cleveland serial killer case, the evolution of law enforcement tactics, and the ever-present enticements wooing less-than-holy Chicago-area cops. But he doesn't need to wander afield when it comes to the dangerous missions by the "Untouchables" squad in Chicago: The action scenes are positively cinematic. Smart, authoritative, and bristling with challenges to the status quo: [Eliot Ness] has more than a little in common with its remarkable subject." The Christian Science Monitor "[A] new and invaluable biography. [Perry] does justice to his subject, a complicated and self-destructive human being, but one who was also admired by many. He is a tragic rather than heroic figure, and Perry nails him with style and compassion." The Chicago Tribune "Don't believe what you've seen in the movies. The true story of Eliot Ness is better than the Hollywood version, and Douglas Perry tells it brilliantly, with hard-nosed reporting and graceful prose. This book is so good even Al Capone would have enjoyed it, though perhaps grudgingly." Jonathan Eig, author of Get Capone: The Secret Plot That Captured America's Most Wanted Gangster "Douglas Perry is telling three stories here, those of Eliot Ness, of criminal empires, and of America, each done with equal grace and skill. His superb research is matched by his understanding of Ness as a microcosm of these larger tales, and he recreates a man and a slice of American history with marvelous results. A truly remarkable book." Michael Koryta, New York Times Bestselling author of The Prophet "There's so much more to the complex life...
