Digital Nation: Toward an Inclusive Information Society

By Anthony G Wilhelm

MIT Press Ltd, United States, 2006. Paperback. Book Condition: New. 218 x 142 mm. Language: English . Brand New Book. As our social institutions migrate into cyberspace, the digitally disenfranchised face increasing hardships. What happens when - in search of quick and cheap fixes -- a government office shuts down and is replaced by a public Web site? What happens when a company accepts only online job applications? Inevitably, those most in need of the services and opportunities offered are further marginalized. In Digital Nation, Tony Wilhelm shows us how to build a more inclusive information society, offering a plan that reaps the benefits offered by the new technology while avoiding the pitfalls of social exclusion. Technology, he tells us, isn't the problem -- it's the use of technology that can empower or control, unite or divide; we need to recover the ideas of social justice and fairness that have been lost in the rush to make things faster and cheaper. In Wilhelm's vision of an inclusive digital nation, everyone can take advantage of the new technology. With everyone part of the information society, we can revolutionize the way we educate our citizens, deliver healthcare, and engage in...

Reviews

It is one of the most popular publications. It really is written in easy words and not difficult to understand. You are going to like how the author wrote this book.

-- Prof. Evans Balistreri DDS

Completely essential go through book. This is for all who state there had not been a worthy of reading through. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- Lydia Legros
